Cannon Street, Mattapoisett

Every one of us passes this spot several times in the course of a week. It is so a part of our life that we sort of cancel out the charm of the scene. As one of the original streets of the town, obviously built for carts and horse-drawn wagons, it carries the earliest panorama of Mattapoisett into the present and hopefully long into the future. Back in the 20s, when the original "Down to the Sea in Ships" was being filmed in New Bedford, Cannon Street was chosen for

one of the key shore-based scenes because it was so typical of the streets of New Bedford during the 1850s when whaling was in its peak period in that city. Since then, of course, there have been many changes. Houses have disappeared and new homes have taken their place. The replacement has been so carefully and cleverly done that the charm has been retained. It is almost impossible for the stranger

to distinguish the new from the original. Anyone coming back from the 1800s, though, would never be able to recognize this place as the Cannon Street that they had known as the raw, crowded cart path of that period. Today's Cannon Street has subtly softened its line with space and foliage. The newer homes have such features as bow roofs and the replacement homes have staggered the lines of the roofs in a varied and more interesting design - the new look is far more pleasing to the eye of the beholder.

Mattapoisett Selectmen's Meeting

JULY 21, 1987-by VIRGINIA ARRAL

LIONS CLUB OFFERS SPRINKLERS AT SHIPYARD PARK

John McGarrie, president of the Mattapoisett Lions' Club, has requested the Board of Selectmen consider allowing the club to install a water sprinkling system at Shipyard Park.

Selectmen Chairman John DeCosta explained the grass at Shipyard Park was badly burned this past week because of the hot weather and lack of rain. It was also noted the heavy foot traffic at the Park for the three-day Lions' Club Harbor Days has also contributed to the present condition of the grass.

The board agreed to permit the club to check into methods of installing a system, then get back to the board. Highway Surveyor Manuel R. Nunes will be consulted to determine if there will be any problem cutting the grass with an underground sprinkling system.

In other business, Selectmen:

ANNOUNCED the appointment of Gene Pursley, 93 Marion Road as an alternate on the Board of Appeals, term to expire in 1991. His name was recommended by Board of Appeals Chairman Sylvia Fales.

A letter was submitted by Steven Noyer, 7 Old Brandt Island Road, for consideration to serve on the Conservation Commission. There are no openings at the present time and his application will be placed on file.

ANNOUNCED the resignation of Beverly Posiviata as Chairman of the Personnel Board, effective immediately. Clerk of the Personnel Board Ridgeway J. Crouch met with Selectmen and informed them he received a notice

the development of public housing in the cities and towns. These funds enable housing authorities to develop rental housing on scattered, low-density sites. During the past year more than 100 communities have earned designation as "Housing Partnership" communities. Such designation represents a commitment on the part of local communities to develop a balanced housing program.

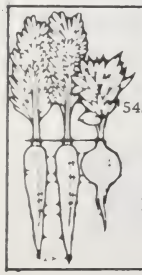

Selectmen said the notice will be referred to the Mattapoisett Housing Authority and requesting the authority notify the Board of any action it plans to take.

When contacted after the meeting, Housing Authority Executive Director June Mendell said, "We will follow through, but Selectmen and the Board of Assessors must approve the additional housing before we (the authority) can take any action."

M. Suzan expressed heartfelt praise of the EMTs and the ambulance service at his home when his wife was taken to the hospital. "They were super, and as professional as you could ask. I really appreciated what they did. We hear good reports here in the Selectmen's office, but when you're personally involved, you realize how lucky we are to have them."

to date at the meeting held last Thursday at Village Court. The meeting was conducted by vice chairman Randall Kunz in the absence of chairman Peter Kortright.

Of the 18 persons attending, it was agreed a progress plan should be presented within a year after formation of the Steering Committee which was done last April, and that if any proposed articles or any proposed zoning changes should be recommended there be public hearings before a town meeting. It was also suggested another more Mattapoisett-oriented survey be conducted later.

Robert Coquillette, Historic District sub-committee spokesman, gave the background on the formation of an historic district in town, as it is regulated by the state legislature. The first step is for the Selectmen to appoint a study committee; the second, a preliminary report to be given to the Planning Board and to the Massachusetts Historical Commission defining the area of the proposed district, such as why it is historic, plus an inventory of historic houses. He noted Priscilla Hathaway has done extensive work in identifying the houses.

The third step is to hold a pub-

lic hearing on the proposed district, with ideas from residents. The fourth step is a final report to town meeting, with proposed ordinances on the warrant. A 2/3 vote is required for acceptance. The fifth step, if approved, will report to the state Attorney General, then publish the notice; then register at the Registry of Deeds and finally have the Selectmen appoint an Historic District Commission. Anyone wanting a building permit to build in the district would go through the Historic Commission first, said Mr. Coquillette.

Even though it was turned down, a proposed historic district was brought to the voters a few years ago, said Russell Chase. Mr. Kunz noted there are new people in town now and perhaps properly presented and publicized it could make a difference in being accepted.

June Mendell, Housing Sub-committee spokesperson, told about the approach to obtaining "affordable" housing in town. She noted a speaker from the Massachusetts Executive Office of Communities and Development on-Housing Partnership could attend a September 3 meeting to discuss affordable housing. She described on a graph a typical renter in subsidized housing and how the rental rate is arrived at based on income, less allowable deductions.

Martha Peterson discussed Open Space Preservation saying she is seeking maps of Mattapoisett from the Land Trust, Planning Board and

the Water Department on topography, geological and roads and suggested plans to make an inventory of maps and where they are located.

Wayne Walega, Commercial and Industrial sub-committee, told of a map and zoning committee formed 10 years ago and that its findings should be reviewed and utilized for the present study committee. Mr. Walega also noted the recent survey showed people prefer a small mall to a large one and, what with the growth of the town, especially in the Mattapoisett Neck Road area, a likely place for commercial development would be Route 6 and Neck Road. He also felt perhaps there is a place for well-built condominiums and that perhaps another survey should be taken aimed more specifically at that question.

Russell Chase, who is developing an apartment complex on Route 6, cited the zoning problems involved in building any desirable apartments because of the set-back requirements on Route 6.

Michael Dahill, Harbor and Waterfront sub-committee, suggested

cataloging what the harbor and waterfront facilities are: what is public land and how much does the town control. He noted the town is pressured to develop the harbor and boat spaces and the piers are getting old and in need of repair. He also suggested getting someone involved who uses the harbor on a regular basis, such as a fisherman or lobsterman. He asked a rhetorical question wondering what it would cost to buy the boat ramp from the state. "I would venture to guess that 50 percent of the boats in the harbor aren't registered in Mattapoisett; we just aren't getting the fees."

Constance Keavy issued a complaint about the sailboarders in the Winnatuxett Beach and Ned's Point area saying she nearly got clipped while swimming recently. Something needs to be done about this problem, she said.

Mr. Walega suggested each person on a sub-committee recruit one person interested in their subject and bring that person to the next meeting and that a workshop-type session be held with small discussion groups part of the meeting and joint discussions later.

The next meeting will be held at 7:30 p.m. Thursday, August 6th, at Village Court. Randall Kunz emphasized all interested townspeople are welcome to attend.

Marion Visiting Nurses

ANNUAL FUND DRIVE

The Marion Visiting Nurse Association (MVNA) will kick off its annual fund drive this week with a mailing to area residents.

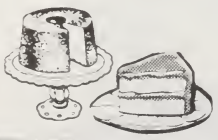

The MVNA is a certified home health care agency providing service to area residents, regardless of ability to pay. These services include nursing visits, home health aid, various contracted therapies including physical therapy, speech therapy, occupational therapy, and social services, medical equipment, and a formal hospice program. As more patients with complex medical problems are choosing to be cared for at home, the MVNA's services are in greater demand. Through continuing education the professional staff provides skilled, up-to-date patient care using hi-tech procedures.

Chairing this year's drive is Dot Verville. This non-profit organization depends on the fund drive to help maintain its status as a self-supporting organization.

Residents not contacted during the drive can send contributions to: Marion Visiting Nurse Association, Inc., Box 364, Marion, MA. 02738.

The office is located at Sippican School. The telephone number is 748-1020.

German Band Delights

reported by VIRGINIA ARRAL

The special appearance of the Jugend Blaser German Band last Wednesday at the gazebo in Shipyard Park was given a resounding welcome by an overflowing audience. The weather cooperated with a very pleasant evening.

The band, comprised of young people from the West German town of Stadt-Marl, has been performing in the area through the coordination of Philip Sanborn, music instructor at Tabor Academy. The band members are staying at Southeastern Massachusetts University for two weeks. They have two more performances before returning home, said Mr. Sanborn; at SMU and at St. Mary's Catholic Church in Fairhaven.

Selectman William F. Hubbard welcomed the band director, Bernhard Dahlhaus, and the band members and

Joseph Pacheco of Florence Eastman Post 280, American Legion presented each band member with a hand-held-size American Flag as a token of appreciation. Selectman Hubbard said the young people had been hoping to obtain flags before returning home.

"Hardball" -- Is It? against the owners ?

Editorial, DCJ

"It is my job to obtain the best and the most that I can obtain for this Regional School System. It is your job to either come up with the money or to tell me no."

Dr. Joseph C. Kunces (former ORR Superintendent at a joint meeting of Selectmen and School Committee).

In the waning period of the questioning of Col. Oliver North there were comments made by some senators. Senator William Cohen, Republican of Maine, spoke some words to North that have application far beyond the hearing, perhaps even here. Senator Cohen said, "A democracy demands not only that the rights of the minority be respected but that the rules of the majority be respected. And, that's true even if you or I believe the majority is wrong."

Does this statement have a local application?

oversee the running of the regional system. These people know that, regardless of personal bent, they do represent the majority. That is the sacred cornerstone of our system.

In two towns, the voters have voted to maintain the limiting provisions of the law as represented by Proposition 2½ as it applies to the Regional School System. For those who are elected to carry out these mandates, to decide that the vote is unwise and therefore to be thwarted is wrong. If it is not against the law, it should be.

When a vote has been decided at the polls, that issue should be closed and that will should be carried out. Certainly, that vote should not be subverted to punish the majority of the voters for their decision. The voters have, in effect, stated that the school system has to operate for the Commonwealth mandated length of school year with the funds that are available.

It is to be hoped that, after reflection, this vote to deprive the students of the full school year will be reversed.

Obviously, this is not the intent of the School Committee - the intent, in the parlance of "political hardball", is to deliver the outlawed pitch in order to strike out at the two towns considered to be the opponents.

QUESTION:

WHY SHOULD CHILDREN HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because growth and development can be affected by minor bumps, jars and falls.

Every year, thousands of structural health problems in students of grade and high school level go undetected even though teachers, coaches and physical education instructors watch for health irregularities which might interfere with a child's physical performance and learning ability.

Part of their jobs? Not really. It's that extra sense of dedication that makes these already overworked public servants give children that extra attention. The "school guardian" is responsible in many cases for the detection of potential health problems and the funneling of children to proper health authorities.

What most people don't know is that most health problems are far too complex for the teacher to note. And with a busy schedule, the educator can't be expected to have the time to screen problems that are beyond his or her scope of training, no matter how conscientious the teacher may be. The result: many children have health problems that retard their ability to learn or engage in sports effectively.

Here's what you can do:

- Parents should be urged to take more responsibility for their children's health.
- Parents and teachers should be alert to such things as changes in energy level, postural changes, moodiness, listlessness or any unusual signs that signal a problem that will impede learning. One of the observable signs is lack of interest in school activities.
- The structural balance of the child's body should be considered. The school teacher will no doubt note the child's posture, but that does not always indicate the structural integrity of the body. Comprehensive chiropractic examinations, including examinations of the spine, pelvis, neck and limbs should be recommended to avoid developmental problems.
- Incorporate posture awareness programs into your class projects. Write for suggestions and materials.

Mattapoisett's "Constitution Oak"

Plans for the bicentennial celebration of our United States Constitution are developing nicely in Mattapoisett. Save the afternoon of September 17th for speeches (brief), ceremonial planting of our Constitution Oak and unveiling of the bronze plaque which will document the tree and the occasion well into the twenty-first century. All of this takes place at the high school on September 17th; time and details to be announced.

A small Constitution Oak committee is organizing this patriotic celebration under authority of the Selectmen. The white oak is ordered, the plaque has gone to the foundry and publicity is underway.

If you agree that the U.S. Constitution bicentennial should not slide by like any other nice day, please call Randall Kunz at 758-2966.

90th Birthday

reported by VIRGINIA ARRAL

The 90th birthday of Manuel F. Roza of 32 Barstow Street, Mattapoisett was July 18th. Mr. Roza claims to be the oldest man now living in Mattapoisett who was born in Mattapoisett - July 18, 1897.

Mr. Roza admits there may be some men older but they weren't born in Mattapoisett, and there may be some women who are older and born in Mattapoisett. But if there are any men older and also born in Mattapoisett Manny would like to hear from them.

Born in the house on Route 6 and North Street that was formerly the Pleasant View Gift Shop, his parents were Manuel and Mary (Brun) Roza.

He and his wife, Hazel, have lived in many places but chose to spend their vacations in Mattapoisett, and, when it came time to retire, they chose to live in Mattapoisett. Their son and his wife, Mr. and Mrs. Donald Roza of Clifton, New Jersey, were here for his birthday and for the Harbor Days events.

Each year the Lions Club's Harbor Days have coincided with Manny Roza's birthday. When the Lions' Club and other town organizations sponsored a Valentine's Day party this year, a question was asked, "Who can remember the date of the Lions' Club 1986 Harbor Days?", and Manny Roza had no trouble remembering the date and winning a prize, as the date was also his birthday.

The Unitarian Memorial Church at 102 Green Street, Fairhaven is open to visitors from 2 to 4 p.m. Monday through Friday, with the exception of Thursday afternoon, August 27th, through the summer. There is no charge for the guided tours.

The sanctuary, often called "the finest example of 15th century English Gothic, perpendicular style in the United States", was begun in 1901 and completed in 1904. It was the gift of the late Henry Huttleston Rogers, Standard Oil Company magnate and a native of Fairhaven, who built it in memory of his mother, Mary Eldredge Huttleston Rogers.

Exterior and interior limestone sculpture is the work of a team of artisans brought from Italy to Fairhaven for three years. Interior wood carvings wrought by a group of Bavarian and German artisans are of English bog oak.

Because of the age medium of this missionary community there is a need for an addition and alterations of the Adams Street home that will provide the Congregation with a much needed "Retirement-Convalescent" facility.

Damien Council is sponsoring an Art Auction to benefit the Sacred Heart Community's Building Fund. The Auction will be held August 7th. The art can be previewed from 6:30 p.m. and the auction will begin at 7:30. There will be a cash bar, door and raffle prizes, hors d'oeuvres, coffee and tea. sites, and activities than last year.

The First Night performing arts committee is currently seeking applications from artists who wish to perform on First Night. According to First Night Executive Director Louise K. Stevens, "We're looking for area performers and performing groups that represent the best of all the performing arts, from jazz to dance, chamber music, mime, ballet, folk, magic, theater, comedy, folkloric, blues, dance bands, choruses, orchestras, solo performers, brass and marching bands, and more."

This year, the event will have a special Heritage Theme - special stages and sites devoted exclusively to performances that reflect New Bedford's many cultural heritages - in addition to the wide range of popular entertainment.

Performers for First Night are selected based on artistic merit and appropriateness for the event. Performers or performing groups interested in appearing at First Night should call or write to Robert A. Freedman, Chairman of the Performing Arts Committee, c/o Zeiterion Theater, P.O. Box J-4084, New Bedford, MA.02741 (997-5664). Artists should contact Mr. Freedman before August 7th.

According to Mr. Freedman, "We

expect many of the wonderful performers from last year will return to First Night once again, and we hope to urge many of their colleagues from throughout the region to join them this year. We are especially interested in showcasing the work of our fine regional performers who rarely get the opportunity to be heard by so many people."

Last year's attendance at First Night New Bedford was over 15,000. First Night expects 20,000 to join the festivities in downtown New Bedford this year.

Executive Director Louise K. Stevens said that "by adding more indoor performance sites throughout the downtown area, we hope to accommodate many more people this year. As we did last year, we will offer continuous performances from 4 to 11:30 p.m. The earlier performances will have an emphasis on children's and family entertainment. There will also be both a children's parade and a Grand Finale parade."

When I opened my first camera shop, in 1979, I had tested just about every lens available and decided, on the basis of quality and price, that KIRON was the best buy on the market. I have sold them ever since. Now, we have been notified that KIRON will no longer distribute their product in the USA (though they will in Europe, Canada and the East). The five year warranty that is given with ALL KIRON lenses will be honored, but we will have no more when my current stock is exhausted. Please look carefully at the following list. It represents a chance for you to buy a great lens at a true close-out price.

LLOYD CENTER TO CO-HOST CONFERENCE

"The Magic of the Northeast" is the title of the 1987 National Marine Educators Conference, which will take place on August 4-7 at the University of Rhode Island. The Lloyd Center for Environmental Studies is coordinating the conference, which is co-hosted by the Center, the University of Rhode Island, and the Northeast Marine Education Council.

According to Sandra Ryack-Bell, Lloyd Center School Program Coordinator and the Conference Steering Committee Chair, the event is "the only conference combining science and education specifically for marine educators". It returns to Rhode Island, the site of its first meeting, after taking place throughout the United States for 11 years.

The Conference combines educational workshops and presentations, field trips, special events and exhibits with two keynote speakers. They are Congresswoman Claudine Schneider, 2nd District, R.I., and Dr. Ken Sebens,

YWCA

REUNION PLANNED FOR "TRIBUTE HONOREES"

The local YWCA in New Bedford and our Twin City of Fall River are together planning a reunion of all of the Honorees of the "Tribute to Women and Industry". Honoring the Outstanding Women and Industries in the Greater New Bedford area grew out of the YWCA's purpose to assist women and girls in reaching their full potential. It is an extension of the YWCA's commitment to affirmative action which seeks to end discrimination particularly in the area of employment. The women recognized at this "Tribute" become role models for the increasing number of women who are looking beyond traditional roles and exploring new opportunities.

Honorees participate in the "Career Options Unlimited" program either as mentors for young girls, or as mentors for the displaced homemakers. They can be a speaker consultant with the local schools in classroom training programs or arrange business/industry field trips at their companies. Some participate in Career Awareness Days at the schools and some are on the Research and Development committee to utilize to an even higher degree the Honorees' gifts of talent, assertiveness, ambition, time, and caring for
